Good Vote Expected For Town Elections

Several contests for town offices are expected to bring out a large proportion of the town's 7318 eligible voters at the annual election Monday, Mar. 5. The polls will be open from 7 a. m. to 7 p. m.

The contests are for the board of public works, the school committee, the housing authority and for constable.

For the board of public works there are three candidates for the two seats to be filled. The terms of Edward A. Doyle and P. Leroy Wilson expire this year. Mr. Wilson is a candidate for re-election but Mr. Doyle has withdrawn. Seeking election to this office are Victor J. Mill Jr., 4 Cedar rd., and William S. Titcomb, Chandler rd. For the school committee Gordon L. Colquhoun, chairman, is seeking re-election for the one vacancy caused by the expiration of his term. Entered in this contest are Atty. Richard K. Gordon, trial justice of Andover, and Robert C. Vogt, 1 Hall ave.

Completes Season Without Defeat

Punchard's basketball team just closed a most successful season and is certain to be invited for the fifth consecutive year to take part in the Eastern Massachusetts "Tech" tournament at Boston, Mar. 6, 8, 9 and 10.

This is the first time in the history of the school that a basketball team has gone through a season without defeat. Coach Ken McKiniry's charges have had to extend themselves many times in chalking up the 22 consecutive victories. Pinkerton academy of Derry, N. H., St. Stephens, Newburyport and Methuen battled them down to the closing minutes of play but the Blue and Gold always had the stuff to come through when the pressure was on.

Punchard has competed in the Tech tournament the last four years. In the first and second year it was knocked off in the first round; in the third year it won the Class C championship, and last year it went into the final round before being eliminated.

Board Of Public Works Trims Annual Budget

Recruiting Donors For Bloodmobile

This is registration week for the Red Cross blood program in anticipation of the visit of the bloodmobile unit here Mar. 5, 6 and 7.

Blood recruitment workers have been busy getting donors to complete Andover's quota of 525 registrations which are expected to be obtained here.

As the names of donors are turned in to headquarters Mrs. Harold A. Johnson, Mrs. Ruth Eveleth and Miss Mary Bartlett schedule assignments and mail cards to them with the place of appointment and instructions about donating.

Blood obtained here is used both for army needs and for the civilian stockpile in case of emergency.

The board of public works has prepared its budget figures for 1951 with a dual purpose.

First, in view of the increased tax rate, it has prepared its budget with determination to save approximately \$3 on the rate. This will appear under special articles. While a total amount of \$104,050 was approved in 1950, a total of only \$38,825 is asked for this year, making a reduction of \$65,225.

Second, it has carefully pruned its budget as much as possible as shown in the following table comparing 1951 with last year. The third column shows what the 1951 budget would be with the proposed salary increases recommended by the special salary committee. (Continued on Page Ten)

Disapprove Farming On Elm Street

A group of residents of the easterly end of Elm street appeared at the meeting of the selectmen Monday night regarding a zoning problem of that part of the street.

They contend that the district is zoned as residential and should not accommodate farming facilities some of which is located in that area. The question was taken under advisement.

A letter from the boy scout council signed by Walter C. Caswell, district commissioner, was read thanking the selectmen for their cooperation with the scouts during Boy Scout week when a group visited the town house to sit with officials and get some experience in town government. Hartwell B. Abbott was re-nominated as inspector of animals subject to approval of the state department of agriculture.

The board approved a petition of the Andover Coal Co., Guy B. Howe, proprietor, for a transfer for his location to store oil and gasoline from Railroad street to tanks on Lupine road.

Children Distribute Red Cross Flyers

Flyers describing the work of the Red Cross were distributed throughout the town Tuesday by groups of school children.

Organized under the leadership of Miss Luella Dunning, Junior Red Cross chairman, groups went out from a number of designated centers. School teachers handled the recruitment and supervised the starting points. They included Miss Catherine Barrett, Miss Dorothy Kyle, Miss Mary Collins, (Continued on Page Three)

The Inter-church Basketball league brought its season to a close Monday night with a banquet in the high school cafeteria attended by more than 200 players and parents.

During the evening prizes were awarded to the following teams as the result of the games played in the basketball roundup:

Junior division: for spot shooting, CYO, 55%; for foul shooting, St. Joseph's, 44%.

Intermediate division: for spot shooting, Free church, 70%; foul shooting, CYO, 38.8%.

Senior division: spot shooting, St. Joseph's, 76%; foul shooting, (Continued on Page Three)

Issues Statement On Life Tenure

The Andover Taxpayers' Assn., while generally concerned only with expenditures and appropriations in the town, has this year taken a negative stand on the special question on the ballot regarding tenure of office, and has issued the following statement:

"The Andover Taxpayers' Assn., shares with a large majority of Andover citizens complete confidence in the present town clerk. We believe, however, that to impede future action by establishing life tenure for any town official however appropriate the incumbent, is in principle unwise."

ANDOVER'S HEATING PROBLEM SOLVED!

These New Andover Homes Have
GENERAL ELECTRIC OIL-FIRED HEAT

THE ANDOVER COAL CO.

Installed The ENTIRE Heating Systems

In homes where we have replaced other make burners with the General Electric Oil-Fired Boiler, owners report up to 50% savings in OIL. These owners also comment on the absence of oil film in the home.

Owners Report Remarkable Savings:

- MR. C.A.D.** Saved more than 400 gallons of oil from September 22nd to February 13th over the corresponding period last year with his old burner. Enjoyed constant domestic hot water at no extra cost.
- MR. F.H.P.** This owner declares a saving of 15% but heats his domestic hot water all year long.
- MR. H.A.R.** Reports a saving in his first year of over 1,000 gallons of oil plus the convenience of year 'round domestic hot water.
- MR. E.E.H.** Realized a saving of 300 gallons of fuel oil in the period from September to February, including domestic hot water.

**IF YOU ARE PLANNING A NEW HOME THIS YEAR
CONSULT US WHILE WE CAN STILL GET MATERIALS**

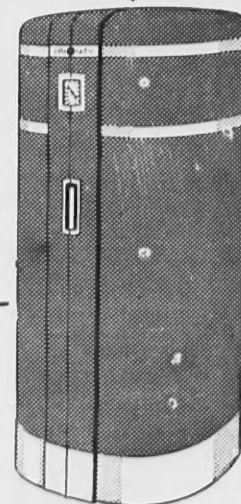

... yes, if your old boiler is about worn out or is an OIL HOG and too expensive to run ... bring us your complete heating problem.

G-E COMBUSTION METHOD SAVES YOU MONEY AND FUEL -

When a soap bubble bursts it seems to vanish. Actually, the walls shatter into millions of microscopic particles. The G-E unit mixes oil and air in a special mixing chamber. Oil bubbles are formed. When they come out of the special G-E non-clog nozzle, they burst into millions of quick-flaring particles which burn completely.

G-E "TURN-BACK FLAME" GIVES MORE HEAT, CLEAN HEAT WITH NO OIL SMELL -

The down-burning flame turns-back upon itself. You get long 2-way flame travel in compact space and the greatest amount of heat. Flame burns "clean" because it burns ALL the oil.

Above you see but three of the Andover homes heated with the G-E Oil Fired Boiler. Actually over 100 homes here are kept cozy, economically with this remarkable heating unit.

Three Injured In Auto Crash

Three persons reported injuries after a collision of autos on Elm street Saturday morning.

Frances M. Cunningham, 48 Center st., Ballardvale, and a passenger in her car, Mrs. Margaret Shaw of Marland st., Ballardvale, complained of injuries to their knees and arms, according to a report made to the police, and William Collins, 18 Washington ave., operator of the second machine, complained of arm and side injuries.

The Cunningham car was going west on Elm street and when near house number 86, went into a skid, police report, turned all the way around then crossed the street from north to south, and came in contact with the Collins car, which was going east. Both cars were damaged.

More than 700 fans turned out Wednesday night at the Memorial auditorium to witness the Pynchard-Methuen clash which the Blue and Gold managed to win 49 to 44. Beset with sickness and injuries the locals managed to keep pace with the Methuen visitors for the first two periods and pull slightly ahead in the third, gaining a lead which they kept to the finish for their 21st straight victory. Methuen won the preliminary game, 41 to 35.

PHS 47, NEWBURYPORT 38

Pynchard wound up its regular basketball season Friday night by topping Newburyport 47 to 38 on the latter's court for its 22nd consecutive win without a defeat. It was Newburyport that threw a scare into the Blue and Gold here earlier in the week by staying right with the locals up to the last minute when Dwyer's goal turned a nip-and-tuck contest into a 37-35 victory.

Newburyport got off to a good start in Friday night's game and it was not until the third period that Pynchard started to pull away. Joe Stack and Sid Watson were the big guns in scoring for Pynchard.

In the J. V. game Pynchard had to close with a great spurt to win 36-34.

Be Sure To Vote

Participation in town affairs by means of the ballot is one of the privileges we in this country enjoy.

The right to vote as one chooses—and in the privacy of a voting booth—is one of the great blessings of a democracy yet, when the time comes to exercise this privilege there are many who seize upon the slightest excuses for not using it.

On the next two Mondays we in Andover will have occasion to use our vote, at the town election March 5, and the town meeting March 12.

Several vacancies in town offices are being contested. The men whom the voters will elect to fill these positions will have a decisive influence on the affairs and future progress of the town, so much so, that it is the duty of every voter to learn as much as possible about the qualifications of each candidate and then get out and vote. The men elected should be a choice of the majority of the voters of the town, not just the choice of the majority who vote.

The approval or rejection of articles in the town warrant are also important. While most of them hit the pocketbook there are others that have a direct bearing on the kind of a town we wish to have here.

The special articles have been published in The Townsman. Through the same medium the report of the finance committee on the department budgets and the special articles has been made public. The Andover Taxpayers' association will soon have its report available for general distribution.

Here again voters should take advantage of these mediums to make themselves familiar with the matters to come up at town meeting.

And here, again, is an occasion to register your opinion on town affairs by your vote.

Are you going to use it or "Let George do it" for you?

Voluntary Methods Work!

Late in January one of the voluntary health insurance organizations reached a milestone. It has been in existence less than seven years—yet it just enrolled its 2,000,000th member.

Dr. Elmer L. Henderson, president of the American Medical association, spoke at the dinner commemorating this event. He said, "The remarkable growth and development of voluntary health insurance—which has taken place mainly in just the past 10 years... is proving that voluntary methods can take the economic shock out of illness, and that dangerous government intrusion in the field of medical care is completely unnecessary."

The facts bear out this view. A considerable number of voluntary plans are now in operation. The largest of them recently passed the 40,000,000 mark in membership, and enrolled 3,000,000 people in 1950, alone. It is estimated that this type of protection will extend to 90,000,000 people within the next two or three years. In every kind of plan, the rates are moderate, and the coverage has been steadily improved. Some are now preparing to offer protection against the prolonged, costly illnesses such as cancer and heart disease. Proposals for imposition of state medical care do not include such protection.

It will take more than guns and ammunition to stop the rising tide of Communism. Economic preparedness must go hand and hand with military preparedness.

Paul Mazur.

CAPSULES

MORTALITY RATES REACH NEW LOW

The nation's death rate for 1950 dropped to the lowest level on record, 9.6 deaths for every 1,000 persons.

The health record in 1950 showed a marked decrease in deaths in childhood diseases, maternal, birth, and tuberculosis cases. These were at an all-time low.

In 1950, for the first time, the infant death rate fell below 30 for every thousand live births. In the past five years the maternal mortality rate has been cut 60 per cent.

But in 1950 the number of poliomyelitis cases was second to those in 1949, the worst epidemic year on record. Automobile accident deaths rose above those of last year. Whooping cough was the only childhood disease that did not decline in 1950.

Stalin's Statement Indicates Attempt To Split Allies

Analysis and intelligence reports indicate that Stalin broke his long silence on international affairs because he had two prime objectives in mind.

He wanted to split the Allies. He urgently needed to bind himself not only his wavering and disgruntled satellites but also the doubting Russians—to link them through love of himself and hatred of the United States.

American ballooning production, military muscle in Korea, common goal emerging from the arrival of Eisenhower in Europe to organize its defense are swiftly building a dike against Russian imperialist aggression. It's the communist world that now is seriously rent by a mental battle over policy.

In order to stifle misgivings of the Russian rank and file and to condition the dupes for military ordeals, the Politburo has commenced a titanic drive to re-sell Stalin to the Russian masses and to lukewarm puppet nations. So the Red Zeus has thundered again.

Press Agents Work Overtime

Printing presses behind the Iron Curtain are republishing his many old volumes in every translation possible. Bonfires are made of anti-Stalinist books long-forgotten in booksellers' store-rooms.

A Hungarian magazine gushes, "Stalin, the greatest of all heroes. He helps his people with kind words, with fatherly advice, with solutions to all their problems, for he is not only the motivator of all great historical events but also the almighty guardian of the fate of every individual."

Russian papers are packed with articles describing the success of his Five-Year Plan that had called for a 48 per cent increase in production in 1950 but which, they claim, exceeded the prewar level output by 70 per cent. Thanks to Father Stalin, they boast, "The age-long dream of the finest minds of mankind is today embodied in the daily life of the Soviet people."

But somehow the ungrateful beneficiaries fail to believe the bunk. A single party slate of candidates was prepared for the Moscow election to local soviets. One "agitator" (election door-bell ringer) was assigned to every 20 citizens. But the Moscow All-Union Communist party campaign headquarters decided that the "vigor of agitation and election propaganda work" was not enough, so greater appeals to make people were ordered.

Peasants Resent Uprooting

New anti-Stalin mutterings are heard among peasants. They not only have been driven by law into Kolkhoze community farming but their small villages have been merged into big farm centers.

A new movement, described as "the strengthening of collective agriculture," literally picks up farm buildings, transports the dwellings and barns on trucks and sets them down in large farm districts often many miles away. The

uprooted families, especially the women, object to this forced migration.

Independent-minded Ukrainians, who live in the "bread basket" of Southwest Russia, are again persecuted. Mykola Lebed, official of the Supreme Ukrainian Liberation council in the U. S. A., accuses Moscow of resorting to disease, poison, mass deportations and wholesale executions to stamp out resistance in the restless republic.

An Italian diplomat, caught by the Soviet army in Rumania in 1944 and jailed in the Soviet Union until recently, discloses that Russian military prisoners who were his cell mates, informed him of strong antagonism for Stalin and his bureaucrats in the army. He was told that after Marshal Zhukov was pushed into oblivion by Stalin, every officer who served on the Marshal's staff in Germany was either exiled or imprisoned.

Stalin Fears His Army

Russian military leaders still accept the communist economic system but they are bitterly resentful of the Kremlin dictatorship. Fear by Stalin that this seething volcano of dissent in the army would burst on his regime is one of the strongest reasons why he does not want a war just yet with power in the hands of the military.

Even though the "Voice of America" is not as effective a propaganda vehicle as some of us desire, it does reach many Russian ears, thus aggravating the peoples' discontent.

A survey of Russian reaction by a Harvard university research project reveals that Red government radios are increasingly referring to the "Voice" and trying to rebut its messages. This is sure proof that the Kremlin knows that the people are listening to us.

The official radio offsets "Voice" descriptions of American living conditions through fake reports of sailors who visited the U. S. A. One broadcast declared: "New York City stores are deserted because people are penniless." Another said: "American children are perishing by the tens of thousands, killed by disease, exposure and famine."

It is an old Soviet trick to divert the masses from complaining about the lack of consumers' goods by painting a bleak picture of the "American depression."

EVERYTHING about this great new '51 Dodge—the way it looks, feels, rides and handles—tells you that here's a car that's built to last.

It's a car that's stunning to look at, with plenty of head, leg and shoulder room—a car that's engineered from bumper to bumper to last longer, go farther and deliver more miles per dollar over the years to come.

Spend 5 Minutes With Us

Five short minutes behind the wheel will tell you why this is the car for you—for the years ahead.

You'll find that the new Oriflow Shock

Absorbers not only give you a truly new kind of ride—but the resulting smoothness and freedom from wheel "hop" and "bounce" mean less car wear, prolong car life.

Famous Dodge Fluid Drive, with its smoother starts and stops, "cushions" all moving parts from engine to the rear wheels—adds to the life of your Dodge, helps give better tire mileage, lowers maintenance costs.

Come In Today

See how you could pay \$1,000 more for a car and still not get all the extra room, handling ease and rugged dependability of this new '51 Dodge.

NEW KIND OF RIDE! New Oriflow shock absorbers let you float down roads so bad they stop other cars. Wheels hug the ground. Never before anything like it!

NEW WATCHTOWER VISIBILITY! Wider windshield, "wrap-around" rear window, eye-level side windows make sure every mile you drive is a safer, more comfortable mile.

GYRO-MATIC, lowest priced automatic transmission. Dodge Gyro-Matic lets you drive without shifting. Safer, too, because you retain full control of the car at all times.

by the thought that two can live as cheaply as one . . . they can't and never will be able to, so let's not kid ourselves.

I am a television dealer myself, but lately I have read a lot of television ads in the newspapers and frankly I wonder who is trying to kid who. Sometimes it appears that it would cost me practically nothing to maintain a TV set what with "FREE SERVICE OFFER," "FREE BUDGET OFFER," "FREE COMBINATION OFFER," "FREE HOME TRIAL," "FREE INSTALLATION," etc.

Then I am really snowed under when I read how easily and quickly I can pay for a TV set . . . for example, I can get "Free Immediate Delivery" for days and days with "no delay or red tape," and they claim my account can be opened in a couple of minutes!

Well, I am almost convinced that I can afford this set by now — just about everything is FREE and what's more the price of the set as advertised represents a "Tremendous Savings." Some say the set is a "Fantastic Offer" while others call it just a "Gigantic Value!"

Phew! I must see that set right away . . . So I do and . . . as all the

in the windows of the Lawrence Gas & Electric Co., Dalton's Pharmacy, and Michael Jay's shop.

Monday the bloodmobile will be at the Shawsheen Mills backed by Local 38, UTWA. Tuesday and Wednesday it will be at the South church.

FREES are explained, and as my credit rating is scrutinized (which takes a lot longer than 2 minutes) I am finally forced to admit to myself that the advertising has carried me away . . . but definitely. It certainly isn't what it appears to be.

Now at the **F. J. LEONE APPLIANCE DEPARTMENT STORE** we sell just about all the good well-known TV sets, and we advertise them too. The Nationally Advertised prices are all the same in this locality, and the government has set the down payment at 25% with 15 months to pay the balance. There's no way "around" this, or if there is it is illegal. This is the LAW. As far as the FREE offers go — I think that most people just aren't that gullible. A good hard and fast rule to always remember is YOU GET WHAT YOU PAY FOR.

People couldn't stay in business long if all their services were free. If you buy a Service Policy (which we recommend) you're entitled to parts and service. The manufacturer "gives" you some, we "give" you the rest. That's sound business . . . but you've paid to enjoy these FREES. We don't tell you you'll get these "for free" 'cause you won't. It costs us a lot of money each week to maintain our service department. That's why it's good, that's why it's dependable. And after 20 years we know that

Whip Up Hatred for Washington
Another revelation of internal dissatisfaction is the depth of the latest "Hate America" campaign. Washington state department officials explain that the Kremlin leaders, "confronted with divided opinion at home are resorting to thought control mechanism to convince the Russian peoples that the United States has long been their historic arch enemy."

Here are samples of recent foul truths published by the Moscow New Times. The purpose is to arouse righteous indignation among decent but ignorant Russian people so they will think their own prison a paradise and Americans are fiends who must be destroyed by war.

"The noble struggle of the patriotic forces in Korea, which is arousing the admiration of the world," writes Arkady Perventsev, "has to contend with the savage American machine of enslavement. Kill, 'MacArthur cries to his officers, 'kill, kill, kill.' The list of atrocities perpetrated by American aggressors makes one's blood curdle."

"Newspaper correspondents, who witnessed the bloody deeds of the American butchers, are reminded of Nazi death camps. A woman was interrogated while in the ranks of child birth. The Americans jeered at her sufferings. When her child was born, one of them threw it into a burning hut." "Such scurvy falsehoods are printed as facts. Only a clique of principled, frightened tyrants, fearful of losing their grip on their slaves would stoop to such limitless malevolence."

CENTRAL GRAMMAR LEAGUE
St. Augustine's Division A team was nosed out by St. Patrick's 2 to 26 and dropped to fourth place in the league standing over the weekend with 9 wins and 4 losses for an average of .692.

In Division C St. Augustine's dropped two. It lost to the Assumption team Saturday 41 to 22, and today was defeated by St. Theresa's 32 to 12.

There will be no games in the league this weekend. Play will be resumed next week. Brother Godfrey, M. S., league director, announces that the annual communion breakfast of the league will be held Sunday, Apr. 8.

Hot Cross Buns Add Spicy Flavor to Lenten Meals!

"One-a-penny, two-a-penny—hot cross buns; if your daughters don't like 'em, give 'em to your sons." So goes the old rhyme. But today there's no doubt about who likes these Lenten favorites.

Especially popular with daughters, sons, and all the family are Jane Parker Hot Cross Buns. They're made with a smooth blend of spices... filled with plump raisins, tangy citrus tidbits, and topped with crosses of snowy icing.

For a 'specially delicious treat at tea time, snack-time or mealtime, just heat 'em slightly before serving. This brings out all the full, oven-fresh flavor of these traditional buns, fresh daily during Lent at A&P.

P. A. Sports...

Phillips academy track team defended its New England Prep school indoor track title Saturday in the Case Memorial gym by scoring a total of 48 points. Huntington school was second with 25; Roxbury Latin third with 12; Tabor fourth with 11; followed by Cheshire 8, Gov. Dummer 7, Worcester and Wilbraham with 4 each. Moses Brown did not compete. The bus with its team was stalled by a snow storm near Walpole.

The hockey team tied Central Catholic 3-3. The game went into overtime without further scoring. Harvard Fresh took a 79 to 65 decision over the basketball team at Cambridge.

At Deerfield the swimming team was a 45 to 24 victor.

afternoon Miss Alice Hopkins and Mrs. Thaxter Eaton assisted the resident directors, Miss Caroline M. Underhill and Mrs. Theodore L. Dodge, as hostesses.

There was a special display of old fashioned wedding finery and Donald M. Amy, organist at the Free church, played the organ brought to the town in 1836.

In the evening J. B. Carrington Thomas led a group of Phillips academy students called the "Eight in One" in singing. Mrs. Dodge and Tom Byers of Lawrence spoke about the old organ and Ivar Sjostrom played several selections on it and led the audience in singing America.

Refreshments were served by Mrs. Henry J. Stevenson, Mrs. G. Richard Abbott and others. F. Tyler Carlton, president, welcomed the gathering and Thaxter Eaton, program chairman, introduced those who participated.

Section of the head table at the testimonial tendered William F. Lucey in recognition of his appointment as a Knight of Malta. From left to right, John A. O'Hearn, managing editor of the Lawrence Eagle-Tribune; Walter B. Reilly, oldest Knight of Malta in this area and vice president of the Lowell Courier Citizen; the Rev. Matthew F. McDonald, O. S. A., moderator of the Andover Catholic club; Mr. Lucey; Daniel A. Murphy, chairman of the committee in charge; the Very Rev. P. J. Campbell, O. S. A., and Irving E. Rogers, publisher of the Andover Townsman and the Lawrence Eagle-Tribune.

William F. Lucey Feted At Testimonial Dinner

William F. Lucey of 9 Abbot st., was tendered a testimonial by friends and business associates Sunday evening in recognition of his recent appointment by Pope Pius XII to the Association of Master Knights of the Sovereign Military Order of Malta.

A director of the Andover Publishing Co., publishers of the Andover Townsman, Mr. Lucey is also business manager of the Lawrence Eagle-Tribune, and is affiliated with radio station WLAW.

Appointment as a Knight of Malta is the highest honor which the Roman Catholic church can confer upon a layman. Mr. Lucey is the first in Greater Lawrence to be named to this 900-year-old order which today has 384 members in the United States.

Sponsored by fellow parishioners of St. Augustine's church the event at the Crystal Ball room was attended by members of the clergy, three other Knights of Malta in this locality, representatives of the Knights of Columbus, Bon Secours Guild, and other Catholic organizations.

During the evening John J. Hewitt of the Andover Catholic club presented Mr. Lucey, the club's new president, with a gold ring inscribed with the insignia of the Knights of Malta, and John A. O'Hearn, managing editor of the Eagle-Tribune, presented the guest of honor on behalf of his many friends, with an electric shaver.

Daniel A. Murphy, chairman of the committee on arrangements, opened the program and called upon the Very Rev. P. J. Campbell, O. S. A., pastor of St. Augustine's church, for the invocation.

With Robert A. Walsh as toastmaster the following were called upon for remarks: Fr. Campbell, Walter B. Reilly, a Knight of Malta and vice president of the Lowell Courier Citizen; Augustine L. Delaney, president of St. Augustine's Holy Name society; Irving E. Rogers, publisher of the Andover

Townsman and the Eagle-Tribune; the Very Rev. Matthew F. McDonald, O. S. A., moderator of the Andover Catholic club; John A. O'Hearn, John J. Hewitt and Mr. Lucey.

Other head table guests included the Rev. Joseph A. Flaherty, O. S. A., Thomas R. Lucey, brother of the guest of honor, the Very Rev. Vincent A. McQuade, O. S. A., president of Merrimack college, and the Rev. Henry B. Smith, O. S. A.

In the gathering were Mr. Lucey's three sons, William F. Jr., John R., and David. Mrs. Lucey, the former Grace E. Monahan of Worcester, was remembered by the committee with flowers sent to her home.

Mr. Lucey's affiliations include membership in the Holy Name society, the Andover Service club, the Clover club of Boston, Lawrence council 67 K. of C., the American Legion, the board of directors of the Audit Bureau of Circulations, director of the Bon Secours Hospital guild, and Greater Lawrence chamber of commerce, and past president of the New England Daily Newspaper association.

The committee on arrangements was, Daniel A. Murphy, chairman, Joseph F. Barton, William J. Beaulieu, Eugene A. Bernardin, Stephen A. Boland, William T. Bride, William A. Busby, Joseph Comber, Joseph W. Connor, Cornelius Cussen, George A. Dane, James J. Darby, Augustine L. Delaney, James D. Doherty, John P. S. Doherty, William A. Doherty, James F. Dolan, J. Club Sponsors Poster Contest

"Outdoor Good Manners" is the theme of a poster contest being conducted in the local schools under the sponsorship of the Andover Garden club. Pupils of the public schools, the parochial school, and the Pike school are now at work on their entries.

The contest is an outgrowth of a survey of the clubs of the Garden Club Federation of Massachusetts conducted by the Roadside Improvement committee, which produced a demand for more attention to outdoor good manners. The contest seeks to arouse the interest of school children as well as their parents: to develop a sense of personal responsibility for the neatness of our roads; and to convert the thoughtlessness which scatters paper and dumps rubbish indiscriminately into a realization of the need to safeguard the appearance of the community.

Cave Man Stuff

Bill and I had spent most of last evening discussing the complexities of modern life. Now we were starting all over again, on the morning local to Boston. "Look," he said, "you're all mixed up in your mental processes. Do you suppose life is really any harder than it was thousands of years ago?" "You're darned right," I replied, "the cave man lived in luxury compared to us. Didn't have to worry about his kids' education bills, higher taxes, hundreds of restrictions, rules and regulations. If he needed a new suit, he killed a deer and got a couple of days' meat for his family into the bargain. No tires to buy... no clothes... no food... and no rent to pay. For my money, he had it easy!" Bill looked at me sadly. "It all adds up to the same thing," he put in, "we live considerably longer and,

according to our estimates, considerably better. But the problem of existence is fundamental in any age. Never having been a cave man, you wouldn't know, but I'll bet his problems were just as important to him as yours are to you."

"No one's problems could ever be as important as mine," I answered flatly. We were pulling into North Station, and Bill pointed his thumb at the big signal tower. "How about those boys," he asked — "keeping all these trains from banging into each other?"

"They've got a whole set of rules and warning lights to go by," I answered.

"So have you," said Bill. "So, probably, had the cave man."

I let it go at that. Bill's a hard man to argue with, sometimes.

FILM FESTIVAL

The second in the series of programs shown in the annual film festival at the Memorial Hall library will have for its theme "The Marvels of Nature." It will begin at 7.45 p. m. Monday. Among the films is the first motion picture on spelology, the hazardous exploration of the caverns and abysses beneath the surface of the earth. The public is invited.

Light Vote Cast In Town Election

One of the lightest votes in recent years was cast at the annual election Monday when only 2862 of Andover's 7318 registered voters went to the polls.

This turnout of only 39.1 percent of the voters was attributed mainly to the absence of contests for other offices, seven of them being uncontested.

The light vote was counted quickly by officers in all precincts and the tabulations were completed at the office of Town Clerk George H. Winslow before 9 p. m.

Precinct 3 from Shawsheen Village was the first to report, arriving at the town house at (Continued on Page 16)

Art Students Win Honors

Art students of Punchard high school had 20 paintings accepted and were awarded 12 gold achievement keys at the recent regional scholastic art exhibition in Boston.

Students of Miss Frances Dalton they received honors as follows: Alan Hughes, two gold keys; Robert Fredrickson, George Gilman, 2, Janet Fieldhouse, Betty Gigas, Peter Ducot, Alan Wadman, Anne Lord, Patricia Coryell, Frances Ratyna. Other students whose work was hung included Eugene Russell, John Hill, Anna Nelson, Gay Pierce, Ronald Muise and Neil Patnaude.

This is the third time that Punchard and Junior high school students have been honored in scholastic art shows. Five students were honored in previous national scholastic exhibitions at Pittsburg.
